

Why consider equipment from Access Tech?

- You or your family member may have changing needs and require quality equipment for a time-limited period only
- Lower cost than new equipment
- Immediate availability for items listed on our website

If we don't have the right equipment on our website, contact our team and we will look to locate the item through our extensive networks.

How do I contact Access Tech?

Visit the website

Simpler, faster
and cost effective
Assistive Technology
(AT) for you

What is Access Tech?

It's an innovative pilot program making Assistive Technology (AT) more accessible for people with disability across South Australia and Tasmania.

What equipment is available?

The AT Pilot program offers a variety of high-quality, refurbished AT equipment to meet diverse needs and accessibility levels. Each item has been professionally and extensively refurbished.

We have a range of:

- Wheelchairs
- Bedroom and Bathroom equipment
- Mobility Aids
- Supported Lying Aids
- Chairs and Seating

Who is eligible for Access Tech?

Anyone under the age of 65 with a disability, not just NDIS participants.

What options are available?

- Short and longer-term rentals
- Equipment for purchase

Our team of experts will work with your allied health professional to ensure the equipment fully meets your needs.
